Dear Alumni

This year the Thedford Alumni Association honors the alumni who graduated in years that ends in 3. Letters were sent out to the honor members in December asking to provide information about them after graduation. Attached is the information provided and a list of all members of the honor classes and a list of Alumni who we lost since the 2022 banquet.

Connie has obtained 4 tickets to a Nebraska Volleyball Day to be raffled. The drawing will be at the banquet, need not be present to win (\$5 per ticket or 5 for \$20), more information at the end of the newsletter, tickets will be available at the banquet. The money from the raffle will be added to the \$250 2023 scholarship. Last year the Association gave a \$350 scholarship to Summar Schaefer. A scholarship of a minimum \$250 will be given to a Thedford student in the class of 2023, it will be presented at the graduation.

Meriel Remero maintains and updates the website thedfordalumni.org. She does a good job keeping the website updated, you are encouraged to visit it and comments and suggestions are welcomed.

If you have an email address, send it to thedfordalumni@gmail.com, with your current address, so emails can be used more to save time and postage. It is received by Bill Hardy and checked on a daily base.

Alumni President, Connie Elliott, has been working hard to make the alumni banquet a fun and enjoyable time for all.. The Alumni Officers look forward to a successful banquet. Hope you join us.

This year a shortened copy of the 2022 Banquet minutes has been included with the newsletter.

It has been suggested that after 40 years since graduating the alumni honor every 5 years instead of 10. Please let the officers know your feeling about it.

This year the doors will open at 4 p.m. to provide more social time before the banquet.

Your Alumni Officers

President Connie (Edelman) Elliott (1961)

Vice President Alee (Ewoldt) Tucker (1963)

JANET	DRINKWALTER	JANET FARMER	Hello Class of 1983! Forty years seems like the blink of an eye. I hope to see many of you this summer!
I continue to live in Cheyenne, WY where we have been since 1986. John and I have been married since 1987 and we have two grown daughters. Sarah lives and works here in Cheyenne. Abigail is a Junior at the University of Wyoming. We also have two four-legged critters who seem to rule the roost now. I received my Bachelors degree in Nursing in 1995 from the University of Wyoming and a Masters degree in 2013 from the University of Nebraska. I have worked for Laramie County School District #1 since 2007 as a School Nurse and since 2017 as the District Head Nurse supervising all nurses in the district. School nursing is certainly not where I thought I would be at this point, but I have loved it because you never know what is going to walk through the door!			
Outside of work, I stay busy with committee work at our local hospital and as the Wyoming director to the National Association of School Nurses. I am looking forward to retiring in the next few years and maybe doing some traveling.			
See you all in June!

"After graduating from Thedford High, I attended one year of college at the South Dakota School of Mines (Rapid City, SD) before heading back to Nebraska to finish an aviation electronics degree at Western Nebraska Community College (WNCC). I was recruited by Advanced Energy Industries (Fort Collins, Colorado) in 1996 where I spent nearly 11 years working in the Quality department tracking and correcting product failures, eventually becoming a supervisor and obtaining my Six Sigma Black Belt certification. During that time, I met my wife of 25 years, Andrea. We have two children; a daughter, Larissa, and a son, Jacob. During those years we made our home in Greeley, Colorado.

I went to work in 2006 for EMCO Flow Meters (a division of Spirax Sarco) located in Longmont, Colorado and worked there for 13 years eventually becoming a Production/Quality Engineering Manager and Project Manager where I was responsible for development of our calibration and manufacturing processes for flow measurement devices. After commuting from Greeley to Longmont for 7 years (one hour each way) and after a serious health scare and kidney transplant for my wife, we decided to move our family to Longmont which is where we currently reside. Spirax Sarco (based in South Carolina) eventually closed the Longmont manufacturing operations in 2016 and I continued to work for them remotely as a Project Manager until 2019. At that point, I left to work for ABSL Space Products (a division of EnerSys) as the site Quality Manager. In that role, I manage the overall QMS (Quality Management System) and product quality for lithium-ion batteries designed and built for space applications. I was lucky enough to be involved with a couple of high profile NASA missions which include the James Webb Space Telescope (JWST), the Artemis I Launch Abort System (LAB), and the Lucy Trojan Asteroid research mission to the asteroid belt that orbits opposite of Jupiter among others."

After graduation I attended Northeast Community College in Norfolk, NE. There I earned an Administrative Assistant-Ag Services degree. I worked for the Nebraska Life magazine in Norfolk for about a year and then decided to go back to college. In 2006, I returned to NECC for a 3rd year and got an Agribusiness Management degree. Upon graduation I was offered a job at Agrex, Inc. a grain elevator located south of Norfolk where I bought grain from the local farmers. I married my husband Brett King in June of 2011. We live on a farm northwest of Newman Grove (about 40 miles southwest of Norfolk). We have 3 kids Laramie (9), Taryn (7), and Lane (4). When Laramie was a baby we lost our childcare and I chose to stay home with the kids. Now that they are all in school, I sub teach at our local school and drive a van 3 times a day for our school kids, as well as co-lead our local Girl Scout troop and 4H clubs.

After graduation in May, 2013, I attended Nebraska Wesleyan University. While there, I participated in several music ensembles and was able to tour the country on multiple occasions. Alongside my domestic travels, I toured with a band and choir in Ireland as well as studying one semester abroad in Graz, Austria. When I wasn't in class or traveling, I enjoyed spending time with my fraternity brothers in Theta Chi fraternity. In May of 2017 I graduated from Wesleyan with a BA in Business and minors in Music and German. Not long after graduation, I moved to Phoenix, AZ, where I worked for two years in the education field. While in Phoenix, I was blessed with many great opportunities, including learning to dance, seeing the Grand Canyon, and obtaining my pilots license. In 2020, I moved home to the ranch north of Thedford, where I live today.

The Thedford 65th Alumni was held on Saturday, June 18, 2022, in the west gym. An Organized Alumni was started by the class of 1957 in their junior year and has continued throughout the years.

This Year's theme honored that class, "The Class of '57 had their dreams, 65 years later"

The gym was decorated with yellow roses, which was the class flower for the Class of '57. That class was honored with a beautiful rendition of the "Class of '57 had its Dreams" sang by Sylvia Mintle '87 with class members names and occupations substituted for the original names. This was written for their 50-year reunion by Mary Ann Florea Mintle and Jeani .Scranton Edelman.

Reta Hardy Teahon, '63, owner of the "Double T" in Halsey, NE. along with her crew catered the meal, The menu consisted of Prime Rib, baked potatoes, green beans, tossed salad, rolls and cake with toppings.

Candles were displayed to honor those who have left us and obituaries were displayed to enjoy!

A raffle of 2 Nebraska tickets to the Nebraska Homecoming Football game on Oct. 1, 2022, were sold.

Mark Nutter was the happy recipient. The profit will be added to Senior Scholarship.

The Senior Scholarship winner was announced and Summar Schaeffer will be receiving the scholarship.

Attending Veterans were honored with the playing of all the different themes and "taps."

One member of each honor class read the names of all the graduates of that class:

Those attending: 1 graduate from '47, 2 from '54, 2 from '55, 1 from '56, 2 from the class of '57 with 1 more coming from Pennsylvania then taking ill, 10 from '62, 7 from the class of 1972, 4 from '82, 11 from '92, 1 from 2002, and 1 from 2012.
